The diagram features a large rectangular frame. Inside this frame, there is a grid of cells. The grid is composed of two horizontal rows of cells. The top row has six cells, and the bottom row has six cells. A small black dot is located in the second cell of the top row. A small black dot is located in the second cell of the bottom row. In the center of the grid, there is a larger rectangular box. Inside this box, the equation $8-4$ is written in red. The entire diagram is set against a light gray background.
